)	
Respondent.)	

Petitioner now asks the court to reconsider its prior order. After carefully considering Petitioner's arguments, the court finds no basis for reconsideration of its prior order. See Local Rule 78-230(k). In particular, the court finds speculative Petitioner's assertions that

1 he will be unable to draft a traverse in this case. Accordingly, Petitioner's motion is
2 HEREBY DENIED.

3 IT IS SO ORDERED.

4 **Dated:** April 12, 2007
